

There was a fight between the Shanghai Cat Protection Group and five evil cat nappers on October the 23, 2009, more than 600 cats got rescued. The five cat nappers were particularly unreasonable and violent.

In the early morning of Oct 23 2009, at a market in Shanghai, some Shanghai Cat Protection Group members beside a truck full of cages holding 600 cats, were they waited all night until the cat nappers showed up.

The rescuers stopped the truck, but unfortunately the cat nappers had eight or nine motorcycles that surrounded the rescuers, while the cat nappers tried to escape with truck and the cats.

The cat nappers attacked the rescuers so frustrated rescuers called the 111 emergency number, and the police came.

The police asked both sides to go to the police station to solve the problem. One police officer and one rescuer sat in the cat nappers truck, and made the cat nappers drive the truck to the police station.

However, the rescuer in the truck realised that the truck was not heading for the police station, but instead the cat nappers were trying to escape.

It is unbelievable how the policeman didn't realise and how the cat nappers were thought they could escape under the police's nose! The brave rescuer lady forced the truck to stop by gripping onto the steering wheel. Several rescuers' cars behind the truck also helped to stop it.

The rescuers called another police station to get more help, and finally, they had the truck got taken to the Business Commercial Bureau.

While the police officers studied the case to make a decision, the five cat nappers quietly waited outside the Business Commercial Bureau. They falsely believed that they would be able to get the trucks and the cats back.

However, after lots of pressure from the public and the media, the cats were released to the cat lovers and were free from the cruelty that they were subjected to by the cat nappers.

Hundreds of pairs of bright eyes showed their yearning for life, freedom and appreciation to the loving rescuers.

The loving rescuers arranged to have the cats taken to ten living areas where people could take care of them.

Tomorrow will be another day, the fight would be continuing !

We don't kill kittens, we are getting them spayed and neutered before they can reproduce.

Great thanks and appreciations to:
